How to Use the Interactive Dashboard

Easy—just type in the name of a county, city, town, school corporation or other local government unit and then choose from the "auto-list" that appears to help you get an exact match. From there, you will see the dashboard appear—and you can switch the Data View from Change to Quartile to Sparkline—and see what those views can tell you about the taxes and finances of the unit you choose!

Many features

- Up to 15 Key tax + finance metrics on local governments – counties, cities, towns, townships, school corporations, libraries
