Build it... and they will come
Iterative process... with Business Leaders
And still... more feedback
## The Guts

### Graphic Design
- Various Adobe Graphic Design programs

### Database
- WAMP stack. (Windows, Apache, MySQL, and PHP)

### Mapping
- ArcGIS Online, Leaflet

### Application Development
- Phalcon php framework MVC for the front end
- Phalcon php micro app to create the rest
- Api to serve the chart data
- Amcharts charting library
Thank You!
